

IBM CLOUD

Team id	PNT2022TMID30709
Project Name	Industry-specific intelligent fire management system

The screenshot displays the IBM Cloud dashboard in a web browser. The browser's address bar shows the URL <https://cloud.ibm.com>. The dashboard header includes the IBM Cloud logo, a search bar, and navigation links for Catalog, Manage, and the user profile (Jayashree Thiyagarajan...). The main content area is titled "Dashboard" and features a "For you" section with several recommended actions: "Build" (Explore IBM Cloud with this selection of easy starter tutorials and services), "Build a web app with Watson Speech to Text" (15 min), "Get Started with Watson Studio" (2 hr), "Build a Virtual Private Cloud (VPC)" (7 min), "Learn about IAM Roles" (5 min), and "Build a Lift and Shift workload". Below this, there are sections for "User access" (Manage users), "News" (View all, including IBM Cloud Satellite New Pricing and IBM Cloud Data Shield Deprecation), and "Planned maintenance" (View all). The bottom of the screen shows a Windows taskbar with the search bar, application icons, and system tray information (31°C Sunny, 2:33 PM, 18-Nov-22).
